RE: Bill SB 274

To Melissa Ziobron, State Representative, District, District 34, CT:

Please support Bill 274 today. The election certification requirements for all elections should be the same for minor party candidates as they are for major party candidates. Even the terms minor and major have discriminatory connotations.

The democratic process can only truly be fair when all have equal access. Please support the revisions put forth for these requirements so that this will become a reality for all.

Support Bill SB 274 today.

Thank you.
